

Testimonials

“St. Mary of the Hills Preschool was like a second home to our family for seven years. We have four boys, all of whom attended both the 3 year and 4 year old program. When we were looking for a preschool, we did a lot of research. We looked at many different schools and what they had to offer young children to best prepare them for kindergarten and to socialize them in a school setting. When we arrived at SMOTH Preschool, we knew immediately that it was a good fit. From the safe, nurturing, faith-filled environment and the loving care of the teachers to the wonderful start in the academic world SMOTH Preschool is unmatched. We believe that one of the keys to the success our children have had in their education is due to the foundation built at SMOTH Preschool.”

Dr. and Mrs. Daniel Greene, Rochester, 2008

“This is our family’s 4th year at St. Mary of the Hills. We love all of the staff. If you are looking for a place where your children will be loved and treated like family - this is it. Our two daughters were well prepared for kindergarten academically, spiritually, and emotionally. Our son no doubt will be starting in the fall of 2010. The girls love to come back to say hello to their teachers. I could not have given them a better beginning to their school journey.”

Agius Family 2008

“With so many options available, we have chosen to send all five of our children through the 3 & 4 year old programs at St. Mary’s. St. Mary’s has offered each of our children a warm, creative and loving environment for their first school experience. Our children have been blessed with the opportunity to develop their social character and academic knowledge while keeping Jesus Christ at the center of their learning. St. Mary’s has left each of my children well-prepared for their entrance into kindergarten. Our family is truly grateful to have found such a valuable school.”

Losh Family, 2008

"Our child couldn't have had a warmer or more nurturing environment as her first educational experience. We feel very fortunate that she was at St. Mary of the Hills Preschool for two years and know that she is going to do well when she enters kindergarten in the fall."

The Fajardos, 2008

"St. Mary of the Hills Preschool provided a very positive and nurturing environment for our daughter's first 'school' experience. Our daughter LOVED going to school every day. The teachers are top notch and are always available if you have any questions or concerns. St. Mary's has helped prepare our daughter for kindergarten both academically and socially. We couldn't be happier."

Kathy & Joe DiMeglio, 2008

"While we have only been with the program for a short period of time, we are very pleased with the program at SMOTH Preschool. Our son is in the 3 year old program, 3 days per week. After having a difficult experience in another school, our son now loves going to school. His teachers are caring and compassionate individuals.

In one month, we already have more information about what he is learning and how he is doing than I had in three months in his other school. We are very glad we made the switch."
